The intent of these color chips are to provide a basic representation of Tique finish colors. This color chart is offered only as a sales aid to show a range of color variations. These color chips shall not be used as a final color selection as color differences may occur between the sample material used and the finished product. **Actual color selection should be made from a larger sample of each finish texture and color to be used on the project.** Samples should be prepared by a trained certified applicator/contractor using the same tools and techniques prosed for the actual installation.
